

DEPARTMENT OF INFORMATION TECHNOLOGY

The Department of Information Technology has been functioning since 2002. The increasing role played by Information Technology in the development of society calls for a pro-active action to meet the needs of a information society. The aim of the department is to provide quality education to the students to meet the challenges of the current era by well qualified and experienced facilities. A well equipped computer laboratory having 75 systems with advanced configuration and internet facility helps to provide a good practical experience and hands on training. Every year almost 100% success is achieved in University Examinations and many of our students obtained University Ranks. Information technology our department organizes many State, National and International seminars and conferences inviting eminent personalities in the field of Information Technology to share their knowledge and wisdom. To inculcate the habit of team work and creativity among students every year we are organizing science exhibition.

Faculty:

S.No	Name	Qualification	Designation	Photo	E-Mail ID	Mobile No
